

Statement of Fees: Home-based students

2024

- Invoices are issued for applicable Resource and Subject Fees after receiving a successful enrolment application — payment of the Resource and Subject Fees is required before an enrolment can progress.
- It is highly recommended that an initial deposit of \$800.00 is paid towards the Home Schooling Fee at the same time Resource and Subject Fees are paid to reduce your financial burden later in the year. Home Schooling Fees only apply to By Choice enrolment category enrolments. If you are uncertain about what enrolment category your student is in please check with the Enrolments Team.
- Subject and/or resource fee refunds do not apply unless otherwise indicated (*). Conditions may apply.
- Refunds of Resource and Subject Fees are considered under a 'grace period' for enrolments 10 school days or less.
- The fees listed in this document are reviewed annually and are endorsed by the Executive Team and Parent Representative.
- Applicable Resource and Subject Fees apply to each student.

For any enquires relating to fees and charges please email the [Finance Team](#).

- Payment plans: Families who choose to make an initial deposit of \$800 when paying their Resource and Subject Fees will enter into a default payment plan option whereby they will be given until 31 May 2024 to pay the outstanding balance of the Home Schooling Fee.
- Waiver application: Families who are suffering financial hardship may be eligible to apply for a waiver of the Home Schooling Fee (subject/resource fees still apply). Applications are considered by the Executive Principal on an individual basis.
- Refunds: Students who cancel their enrolment before the end of Semester 1 may be eligible for a pro-rata refund of the Home Schooling Fee. Applications are considered by the Executive Principal on an individual basis. No refunds apply after Semester 1.
