

'Limited Choice'

Geographic isolation/distance

This category applies where the student is unable to attend a local school due to the home location being in a remote area within the meaning of Education (General Provisions) Act 2006

A student is deemed to be living in a remote area:

(a) Where the student's principal place of residence

- is at least 16km from the nearest applicable school; and
- is at least 4.5km from a school transport service approved by the chief executive (transport) or a public transport service to the nearest applicable school; or

(b) Where the student's principal place of residence

- is at least 16km from the nearest applicable school; and
- is less than 4.5km from a school transport service approved by the chief executive (transport) or a public transport service to the nearest applicable school; and is
- at least 56km from the nearest applicable school using the route travelled by the transport service;
- or at least 3 hours travelling time per day from the nearest applicable school using the transport service.

Please note: If you are enquiring on behalf of a Queensland State or Private school, please contact the [enrolments team](#).
