Music
Year 10

Delivery mode
Internet access essential.
Blended – printed course materials with AV and online resources.

Time commitment
Students are expected to meet the requirements of the Work Rate Calendar.
On a weekly basis this includes:
- individual completion of lesson activities
- group lessons using web-conferencing and teleconferencing
- music practice

Pre-requisites
It is mandatory that students have achieved at least a B standard in Year 9 Extension Music or equivalent (e.g. AMEB Grade 2 Theory).
Year 10 students who don’t have this pre-requisite may be able to enrol in Year 9 Music to complete the foundational units of the Year 9/10 Music course.
Students wishing to enrol part way through the year should consult with music staff.
Students also require proficiency in playing an instrument or singing.

Course outline
Year 10 Music continues on from the Year 9 Music course. Music skills and knowledge will be extended through a variety of learning experiences involving ‘Making’ and ‘Responding’ to music from different cultures, times and places.
Unit topics include:
Unit 1: Love, Loss and Celebration
Unit 2: All That Jazz
Unit 3: Aussie! Aussie! Aussie!

Assessment
Student progress is monitored continually through worksheets and practical tasks returned to the teacher. For each unit students are formally assessed in one or more of the following dimensions: Making – Composing, Making – Performing, Responding. These tasks contribute to semester results and may require an exam supervisor to monitor assessment conditions.

Requirements
- a musical instrument or voice on which the student is proficient for performing
- access to a keyboard instrument
- music notation software e.g. MuseScore or Sibelius (Sibelius is highly recommended for students planning to continue onto Senior Music)
- audio recording software e.g. Audacity, Mixcraft, Garage Band
- writing materials including 2B pencil
- manuscript paper
- video recording device
- 2 x USB flash drive
- computer printer and scanner
- webcam
- CD/DVD player (or CD/DVD-ROM computer drive)
- telephone headset and/or computer headset with microphone (Online lessons may sometimes require use of internet and telephone simultaneously)

NOTE: All printed and AV course materials are provided by the school. Online resources are accessible via eLearn.
