Delivery mode
Online course. Internet access essential
Online lessons are delivered through the EQ web conference.

Time commitment
The minimum time allocation per semester per senior subject is 55 hours instruction.
It is expected that students complete all work outlined in the work rate calendar.

Pre-requisites
- Year 10 Chemistry Units and Advanced Maths are essential, with result of at least B.
- Maths A or B must be studied concurrently in Years 11 and 12

Course outline
The topics in Chemistry are continually built upon in subsequent topics.

Year 11
- Introductory Chemistry
- Water – A Unique Substance
- Products From Oil

Year 12
- Enzymes in Action
- Corrosion Chemistry
- Keeping it all in Balance
- Chemistry of Art

Assessment
- Supervised assessment (exams)
  Some items may involve students reading articles or other materials prior to the test. It is essential that students be aware of this and contact their teacher should these materials not arrive.
- Extended Experimental Investigations (EEI)

Requirements
- Reliable internet access is essential
- Approved exam supervisor is mandatory for the completion of supervised assessment – please refer to the supervisor nomination form on the BrisbaneSDE website
- MS Office
- Digital camera/device
- Digital scales with an accuracy of 0.01 g
- Computer headset with microphone

Important Information:
- Home based students will be sent a Chemistry Kit upon enrolment. Chemistry kits are non-refundable once despatched.
- Students will be required to obtain other commonly available materials to complete the practical activities.
- The kits are not available to school based or overseas students.
