Delivery mode
Online course. Internet access essential.
Online lessons are delivered through the EQ web conference.
Students are required to attend two online lessons each week delivered through web-conferencing (iConnect).
One tutorial per week will also be available for assistance. Attendance recommended.

Time commitment
The minimum time allocation per semester per senior subject is 55 hours.
It is an expectation that students spend at least 20-30mins per day on their own study of this subject outside of lesson times.
Students are expected to regularly complete class activities (online and paper).

Prerequisites
Nil

Course outline
This subject is an Authority-registered subject which is intended to help students build confidence when using mathematics in everyday contexts and to improve their preparedness for entry to work, apprenticeships or further study by developing their numeracy.
Students study five topics:
- Number
- Data
- Location and time
- Measurement
- Finance

Assessment
Results are derived from a folio of formative class work and completion of summative tasks.
Summative tasks may include projects, assignments or reports. Some assessment items require access to the internet and Microsoft Excel.

Requirements
Internet access is essential.
All lesson materials are delivered through Blackboard as part of The Learning Place (Education Queensland’s e-learning platform).
No textbook is required

Equipment
- Software programs: access to a computer with Microsoft Excel (or equivalent)
- Scientific calculator. Casio fx-82AU PLUS (preferred), Sharp EL531WHBLK or Texas TI-30XB. Previous models may also be acceptable

Other
- Access to telephone, newspapers, advertising material
- Students may also need access to items such as graph paper, protractors, compass and tape measure
