

## Who can enrol as a School-based student?

Students at Queensland Government or non-government schools or other schools of distance education can enrol with BrisbaneSDE subject to places being available. A student enrolled at another school may apply to study a subject provided they are unable to study that subject at their base school.

This could be because:

- the school does not offer that subject.
- the school offers that subject, but the school's timetable does not allow the student to study that subject at their base school.
- the student has commenced study in that subject in a previous school and wishes to continue their course of study.

All School-based enrolment queries must be initiated by the student's base school (not the student's parent/carer). If you are an interested parent, please contact your student's base school.
